JUDICIARY COMMITTEE SIGNS BILL

Flood Protection Measure Endorsed by Gov. Cox on House Calendar

HOUSE LEADERS BUSY

And Will Probably Introduce Resolution Broadening Scope of Investigating Committee—Automobile License Law.

(ASSOCIATED PRESS TELEGRAM) Columbus, O., Jan. 22.—Republicans of both houses of the legislature in secret caucus today adopted a resolution demanding in effect the repeal of the Greenlund liquor license law and the Warnes taxation law or their "modification so as to conform more nearly to constitutional requirements.

The resolution probably will be presented to the two houses later today. They are signed by Minority Leaders Howard and Reid and Senator Broadstone, and Representatives Diser and Conover.

It is understood that the demand that county commissioners on the tax licensing boards and the tax commissions in counties be elected instead of appointed by state commissions is the principle one for which the Republicans are contending. The resolutions making the demand will be formally presented to Governor Cox.

(ASSOCIATED PRESS TELEGRAM) Columbus, O., Jan. 22.—With some of the minor bills already passed and out of the way and others ready for action, administration leaders in the House today planned to introduce what is considered one of the important measures of the extraordinary session, that of flood protection to residents, if possible, action on the Diser resolutions and substitute another resolution which would broaden the scope of the investigating committee, to be appointed by speaker Swain.

The Vanderhild flood protection bill which it is said, bears the endorsement of Governor Cox, was signed by the judiciary committee Tuesday night and is on the house calendar today. It is said the restoration of the "emergency clause" so that the bill will become a law immediately upon its passage will be the only change in the measure. This clause was stricken out by the committee.

Speaker Swain has not yet made known the selection of the members of the special committee he will appoint to investigate the charges made by the Diser resolution, that four members of the House had drawn pay for holding other state positions. Unless some of the Democrats change their minds, however, efforts will be made to force over the substitute resolution today so (Continued on page 8, col. 3.)

ABBEY WILL NOT RECEIVE BODY OF LORD STRATHCONA

(ASSOCIATED PRESS TELEGRAM) London, Jan. 22.—Westminster Abbey is not to be the last resting place of Lord Strathcona and Mount Royal, late high commissioner for Canada, who died Wednesday. The relatives of the dead statesman definitely decided today to carry out his wish and bury him in High Gate cemetery, North London, beside his wife, who died in November.

The dean of Westminster made the offer of a public interment in the Abbey in accordance with the popular desire to recognize in this way the late peer's eminence in the double capacity of empire builder and philanthropist, but in view of the decision of the relatives this recognition will now be confined to a public funeral service in the Abbey.

WOULD LIVE TO SEE COMPLETION OF THE MEMORIAL

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 22.—Shelby M. Cullom, former senator from Illinois and chairman of the Lincoln memorial commission, dangerously ill at his home here, was more improved today than at any time since he took to his bed more than a week ago.

Because of Mr. Cullom's advanced age his physicians are doubtful that he would live more than a week. Mr. Cullom's mental faculties are not impaired and his constant wish is that he may live to see the completion of the national memorial to Lincoln, who was his personal friend.

Warden Invents Safety Rail

Frank O. Hellstrom, warden of the North Dakota penitentiary at Bismarck, with the help of a life convict, Carl Olson, has invented a safety rail for use on railroads, which he believes will prevent many accidents and save thousands of lives. The rail is to be given its first trial on the lines of the Soo system this spring. Railroad men and steel mill owners have become deeply interested in it.

The Hellstrom-Olson safety rail is made in two pieces, a reversible spread of hard steel, which doubles the life of the rail now in use, with a continuous reinforcing bar of soft steel. This combination, it is said, will eliminate defective rails and rail failures due to the severity of the cold.

Hellstrom achieved a national reputation as warden of the North Dakota penitentiary on account of his humane treatment of the prisoners. He ran for governor to succeed Governor Burke on the Democratic ticket in 1913. In a three-cornered fight he lost by 7,000 votes, though he ran 2,000 votes ahead of President Wilson, who carried North Dakota's presidential vote. He is now mentioned for United States Senator this spring against Senator Gronna, Republican, the present incumbent, who is up for re-election.

CHARGED WITH INCITING THE STRIKE RIOT

(ASSOCIATED PRESS TELEGRAM) Houghton, Mich., Jan. 22.—Gus William Toppa, president of the corporation which publishes the Finnish Socialist paper Tyomies, and Andrew Sarell, a stockholder, were arrested in Hancock today by Sheriff Cruz on the recent warrant charging them with inciting to riot through published statements. The two men were released under \$1,000 bonds.

Publication of an editorial charging deputies with responsibility for the Italian hall disaster at Calumet on Christmas eve, was the basis of the complaint against the men. Five employees of Tyomies, already have been arrested under the warrant. Charged with carrying concealed weapons, John Huhta, recording secretary of the South Range local of the Western Federation of Miners, and Nick Verbanne, were arrested early today and lodged in jail here. Huhta was one of the thirty-seven men indicted jointly with Charles H. Moyer last Thursday on the charge of conspiracy and was out under bond.

Deputies heard a succession of pistol shots at South Range late in the night and some time afterwards they encountered Huhta and Verbanne riding together in a sleigh. The men were searched and in their pockets the deputies said, were found two revolvers. Huhta said this morning that he and Verbanne were "just celebrating."

Judge O'Brien sent word today from Eagle River, Keweenaw county, that he would not be able to arrive here in time to hold court today. A report from the special grand jury may be ready when court convenes tomorrow.

STRIKERS WOULD SETTLE TROUBLE AT PUDDLING PLANT

(ASSOCIATED PRESS TELEGRAM) Girard, O., Jan. 22.—Strikers at the A. M. Biers puddling plant where rioting occurred early in the week, were striving today to bring about a settlement of the seven months' dispute as more strikebreakers were imported by the company. There are now 40 non-union men at work and 16 of the 55 furnaces are operating. More strikebreakers are expected. Eight deputies were on guard at the plant today and there was no further rioting. The hearings of three of those under arrest for Tuesday's disturbance, two of whom are women, will be in court this afternoon.

FAVORABLE REPORT.

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 22.—The nomination of H. M. Piddell of Peoria to be ambassador to Russia was ordered favorably reported today by the Senate foreign relations committee.

SUDDEN DEATH OF AVIATOR

Charles Hamilton, Famous Bird Man Dies in New York

WAS ONLY 28 YEARS OLD

Had Many Accidents While Operating Aeroplane—He Gained Fame for Flying From New York to Philadelphia and Return.

(ASSOCIATED PRESS TELEGRAM) New York, Jan. 22.—Charles K. Hamilton, who gained fame as an aviator by flying from New York to Philadelphia and return, died suddenly today at his home in this city.

His wife was aroused by Hamilton's groaning and she hurriedly summoned a physician. But the aviator was dead before the doctor reached the house. The cause of death was internal hemorrhages.

Hamilton was 28 years old. He had been in poor health for more than two years and recently suffered a nervous breakdown. His former home was New Britain, Conn.

During his career as an aviator he had many accidents. His collarbone was broken twice, two ribs fractured, his left arm was dislocated. His right knee cap fractured, both legs dislocated and he suffered minor hurts.

He began first with flights on kites and dirigible balloons, then took up the aeroplane.

HAMILTON HAD A NOTABLE CAREER

(ASSOCIATED PRESS TELEGRAM) New Britain, Conn., Jan. 22.—Charles K. Hamilton, the aviator, a native of this city, who died suddenly in New York today, had his first taste of flying, when attached to the tail of a kite, he was drawn by a boat over the North River, New York. This was on the occasion of a visit to that city of Prince Henry of Prussia in 1902. Four years later he made an ascension in a dirigible balloon at Coney Island and in 1909 took in the west, his first flight in an aeroplane.

Subsequently he made flights in various parts of the globe, toured China and Japan and following a flight in the latter country was received by the Mikado.

BIG BUFFALO HERD GOES ON MARKET

(ASSOCIATED PRESS TELEGRAM) Gettysburg, S. D., Jan. 22.—The Phillips herd of buffalo, kept in a ten thousand acre pasture near Ft. Pierre, S. D., has been placed on the market by Philip Phillips and George Phillips, administrators of the estate of their father, James Phillips. This herd of buffalo, the largest in the United States, now includes seventy yearlings, 55 two-year-olds and 275 older.

PRISONER IS RECAPTURED.

(ASSOCIATED PRESS TELEGRAM) Mansfield, O., Jan. 22.—J. Edward Bugger, alias "James Shalading," who broke jail here Nov. 28, while under arrest on a charge of manslaughter, has been captured at Bluefield, W. Va., according to information obtained here. He told his story to a man who gave him a job and this led to his arrest.

APPELATE COURT SENDS YOUTH TO PRISON FOR LIFE

(ASSOCIATED PRESS TELEGRAM) Lima, Jan. 22.—By decision of the court of appeals here yesterday Ralph Hoover, young Van Wert farmer, convicted of killing his 16-year-old girl wife a year ago, must go to the penitentiary for life.

Hoover was convicted on circumstantial evidence. He returned to his home near Van Wert one afternoon last January, he said, and found his wife lying on the floor. She had been shot three times. Hoover said she told him that a man had attacked her and that she was shot in resisting him. Mrs. Hoover died shortly afterward in a Fort Wayne Hospital.

CONNEAUT BARN OF P. & O. BURN

(ASSOCIATED PRESS TELEGRAM) Conneaut, O., Jan. 22.—Fire of mysterious origin early today burned the car barn of the Pennsylvania & Ohio Railway Company here. Three cars were destroyed. Five others were run out of the barn and saved. The power sub-station adjoining the barn was saved by the city's automobile fire engine. The loss is \$30,000. The company operates the Conneaut City electric line and the interurban road to Ashtabula and Jefferson. L. A. Robinson, general passenger agent of the Lake Shore railroad, is president of the company.

BOYD FLIRTING WITH NOMINATION FOR GOVERNOR

(ASSOCIATED PRESS TELEGRAM) Columbus, Jan. 22.—"I have not yet convinced myself that I am the right man to make the race."

This is the reply that W. H. Boyd, Cleveland attorney, made today when asked if he would be a candidate for governor of Ohio, on the Republican ticket at the primaries next fall. Mr. Boyd was here arguing a case before the Supreme court.

"I will not say that I will not be a candidate and I will not reach a decision in the matter for probably another month," Mr. Boyd said when pressed for an answer. "I have been very busy, and although I have been daily besieged by requests to be a candidate I have not given the matter any very serious thought."

BEARDSLEY TO BE ARRAIGNED AT MAYSVILLE

(ASSOCIATED PRESS TELEGRAM) Maysville, N. Y., Jan. 22.—Edward Beardsley, the farmer outlaw, will be arraigned late today on the charge of shooting J. W. Putnam, county overseer of the poor. The Beardsley nine children were taken to Titusville, Pa., and will be given a home with Charles Beardsley, brother of the outlaw. Mrs. Edna who occupied the Beardsley shack during the siege of eight days in a hospital, rapidly recovering from a wound received when one of the children knocked a revolver off the window sill.

WILL INTRODUCE AMENDMENT TO THE AGRICULTURAL BILL

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 22.—Because as he alleged, the Smith-Lever agricultural extension bill discriminates against the great agricultural producing states of the north and middle west in favor of the south, Senator Cummins of Iowa, announced today that he intends to introduce amendments when the measure is taken up in the Senate which will change the distribution of the \$3,000,000 fund which will go to the states as federal aid to agricultural extension work.

Senator Cummins has prepared statistics which he asserts show as the bill is drawn up that twelve southern states which produce about \$3,000,000 worth of agricultural products will get nearly forty per cent. of the fund, while the twelve leading agricultural states in the north, including Ohio, Indiana, Iowa, Illinois, Kansas, Michigan, Minnesota, Missouri, Nebraska, New York, North Dakota, and Wisconsin, produce over \$6,000,000 annually get only 36 per cent. of the fund. Senator Cummins will insist that the fund be distributed on the basis of persons engaged in agriculture or on the basis of agricultural production.

WILL ENJOY AN ERA OF IDEALISM DECLARES BRYAN

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 22.—The United States is entering upon an era of idealism, in the opinion of Secretary Bryan, principal speaker at a Democratic dinner at Calvert Hall, the historic home of Lord Baltimore, last night. President Wilson was lauded for the part he has played in bringing about the new order of things.

Secretary Bryan declared that the commercial ideal has for years been dominant in this country, but that under the leadership of the President a change is coming. He said that the country is entering upon a new age of ideals and referred to the way in which President Wilson's efforts have been received to support his assertion.

ASSASSIN TO BE DEPORTED

(ASSOCIATED PRESS TELEGRAM) New York, Jan. 22.—Antonio Cupertino, an Italian emigrant who became violently insane and shot and killed Dr. Arrigo Giannone, while the steamship Berlin was approaching Gibraltar on January 12, last, was brought into court today in irons when the Berlin docked. The assassin will be deported.

Dr. Giannone was assigned to duty as inspector to accompany steamers carrying storage passengers to America. He had a fine record in the navy.

ATTEMPTS SUICIDE TO ESCAPE JAIL

(ASSOCIATED PRESS TELEGRAM) Findlay, Jan. 22.—Albert Houdeshell of Findlay, attempted suicide yesterday by the carbolic acid route while Sheriff Kennedy was waiting to bring him to the county jail. The sheriff was badly burned about the hands in forcing the fluid from the man's lips. Houdeshell has five children and is charged with non-support.

FIRE GUTS HOTEL AT FT. WAYNE

One Dead and Three Injured in Lodging House Blaze Today

EXPLOSION OF A STOVE

Started the Flames Which Spread Quickly—Several Injured Jumping From Windows—Similar to the Newark Holocaust.

(ASSOCIATED PRESS TELEGRAM) Fort Wayne, Ind., Jan. 22.—With the hotel register missing authorities are having much difficulty in securing a list of guests in the National hotel, a small lodging house here, which was gutted by fire today, resulting in the death of one man and the serious injury of three others.

The dead man, who may be Frederick W. Snook, 715 Adams street, Gary, Ind., was found lifeless at the bottom of a stairway, where he had been overcome by the smoke and flames in attempting to make his escape. The seriously injured:

C. W. Williams, Gary, Ind., burned about the arms and shoulders. Howard Hughes, Sturgis, Mich., burned about the back and hips. Stephen Rommel, Sturgis, Mich., back and arms burned and hair burned from head.

These three are at Hope Hospital, their recovery is doubtful. Half a dozen others suffered less serious injury. Edward Styles, of St. Louis, and William M. Brown, of Urbana, Ills., were injured in jumping from a second story window of the hotel.

1 DEAD; 6 HURT IN DERAILMENT

(ASSOCIATED PRESS TELEGRAM) Ottawa, Ont., Jan. 22.—Word reached here today that one person was killed and six injured in derailment at Math, near Pembroke, Ont., of a Minneapolis, St. Paul and Sault Ste. Marie train which left Montreal at 10:30 o'clock last night.

ASKS FIGHT NEWS AND TIFF ENSUES

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 22.—The offering of a resolution demanding an investigation of the first fight between Representative Ben Johnson of Kentucky and John R. Shields, a Washington attorney, at the capitol last Tuesday precipitated a lively scene at the annual meeting of the board of trade here last night. Order was restored, however when the motion to investigate was ruled out of order.

The resolution was presented by C. C. Lancaster, who declared that the board should express its resentment of the conduct of a member of the House toward a citizen of the district and characterized the incident as "a public outrage and a menace to the entire community and deserving of punishment."

Members protested against the adoption of the resolution and it was finally ordered tabled.

LASS WEDS WHILE SCHOOL MATES WAIT FOR HER AT PARTY

(ASSOCIATED PRESS TELEGRAM) Urbana, Jan. 22.—Edith Campbell, aged 15, and Harry Heath, aged 23, eloped to Covington, Ky., and were married Tuesday, while the girl's mother was preparing a party for her at home. Her father objected to the marriage.

The girl started for school at Erie Tuesday and she met Heath in a buggy on the way. They drove to Urbana and from there they went to Kentucky. The father was fooled by the plans for the party and the guests remained until nearly midnight waiting for her return.

Jesse Campbell her father, came to Urbana yesterday to stop the marriage, but it was too late.

URGES SUPPORT OF AMENDMENT

(ASSOCIATED PRESS TELEGRAM) Cincinnati, Jan. 22.—Dr. J. M. Withrow as president of the Cincinnati board of education has mailed letters to the school boards of other Ohio cities urging their support in an amendment of the Smith one per cent law which would provide an assured minimum levy of four mills for school purposes, a maximum levy of six mills, and representation for school boards on the county budget commissions.

First Woman to Loop the Loop in Aeroplane

Lady Victoria Pery, known to London and continental society, is the first woman to loop the loop in an aeroplane. She went up with an aviator the other day in England, and twice he turned just as did Pegoud, the first Frenchman who tried the trick. Lady Pery has become an enthusiastic aviator, but she has not yet dared to try the trick herself.

SULZER TELLS STORY OF GRAFT TO GRAND JURY

(ASSOCIATED PRESS TELEGRAM) New York, Jan. 22.—William Sulzer's story of "graft, graft, graft, everywhere" as sketched by him at the John Doe inquiry yesterday assumed the grand jury phase today. Having sworn yesterday that United States Senator O'Gorman described James E. Gaffney as "Murphy's chief bagman" who tried to "hold-up my friend Stewart for \$100,000," the ex-governor was invited to go over these charges, in more detail before the jury.

Later, it was said, Senator O'Gorman might be called. The Stewart mentioned is James Stewart, a highway contractor. Gaffney is a prominent politician, contractor and business associate of the leader of Tammany Hall.

On the stand Sulzer said Senator O'Gorman had said to him: "Don't you know Gaffney is the man that held up my client, James E. Stewart, for over \$100,000, and he could have got away with it if Stewart had not come to me; and I went to Murphy and I read the riot act, telling him I would not stand for that kind of politics."

Sulzer reviewed the clash with Murphy which led to his (Sulzer's) impeachment, describing Murphy's alleged threats to wreck his administration if Gaffney were not appointed state commissioner of highways.

The John Doe inquiry, with Sulzer again on the stand, will be resumed tomorrow.

SENATE VOTE ON ALASKAN RAILROAD EXPECTED TODAY

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 22.—The project for a government owned and operated railway in Alaska was up for a vote in the Senate today after nearly two weeks of debate. By unanimous consent it had been agreed to begin roll call at 4 o'clock after Senators Pittman and Hillingham concluded their announced speeches on the bill, and Senate leaders were confident it would pass by an overwhelming non-partisan vote.

The subject is yet in the first stages of debate in the house, where Delegate Wickorsham of Alaska has offered a measure virtually the same as the Chamberlain bill. Several weeks may elapse before the House acts.

TAMMANY LEADER TO RETIRE

(ASSOCIATED PRESS TELEGRAM) Albany, N. York, Jan. 22.—Lieut. Gov. Robert F. Wagner, who for years was the Tammany leader on the floor of the State Senate, announced today that he will retire permanently from politics at the close of his present term this year.

STORY OF THE ATTACK ON RODDA

Told by Victim in Convention of United Mine Workers

BOGUS TELEGRAM SENT

Calling Him From Frostburg, Md., to Indianapolis and Assault Occurred Enroute on Baltimore & Ohio Train.

(ASSOCIATED PRESS TELEGRAM) Indianapolis, Jan. 22.—Light on the attack of W. Rodda, on the Baltimore & Ohio train early Monday, was given in the convention of the United Mine Workers of America today. Rodda, who is president of a secret local union at Frostburg, Md., in a weak voice, told his story of the attack.

Rodda said he received a telegram signed by Wm. Ford, who organized the local, and was in Indianapolis to represent the district, asking him to bring the seal of the local and the books containing the names of the membership to Indianapolis.

The Maryland miner said when he bought his ticket he saw a man named Silvey, a stranger in the local, also at the station. Silvey said he was going to Indiana also. Rodda said Silvey asked him to take a drink while on the train but he refused. He did, however, engage in a game of cards, saying he believed he could watch Silvey better. While the game proceeded Rodda said he was grasped from behind and then was hit over the head.

"My cries awoke the car but my assailants escaped," said Rodda. "One going out the rear door and the other out the front. A preacher by the name of Shepley of Sellersburg, Md., tripped one of the men but he got away."

Delegate Ford denied that he had sent the telegram to Rodda and said he was very much surprised to see Rodda here.

President John P. White, characterized the assault as one of the "most brutal acts of the interests opposed to the union," and said some action must be taken to bring the guilty parties to justice. The convention adopted a resolution giving the international officers power to proceed in any manner they find possible to investigate the assault.

Further consideration of the resolution committee's report was the business before the convention of the United Mine Workers of America here today.

The committee will recommend a resolution favoring government ownership of railroads and mines was forecasted in the debate yesterday. The committee non-concurred in a resolution asking congress to pass a law prohibiting railroads and street railway companies from collecting fare from passengers not provided with seats.

Another resolution requests that the organization establish an old age pension fund and a home for disabled miners.

NO AUTO RIDE FOR THIS ONE; UP FOR SLAVERY

(ASSOCIATED PRESS TELEGRAM) San Francisco, Jan. 22.—Emil G. Ducoin, said by the police to be the leader of a white slave ring that has operated in San Francisco for the last two years, was arrested here early today in his handsomely furnished residence. The police refused to permit him to ride to jail in his automobile. He was booked on two charges of white slavery and spent the night in a cell.

Ducoin is said to have amassed a fortune of \$300,000 in a short time. According to the police he openly boasted that he was enjoying police protection and defied arrest. Ducoin is alleged to have traded extensively in European women of the underworld, preventing their deportation by marrying them to imprudent men who willingly sold their names to the women for \$100.

PORTLAND CEMENT PRODUCTION SHOWS A LARGE INCREASE

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 22.—Production of Portland cement in the United States increased by nearly 10,000,000 barrels in 1913 compared with 1912. Estimates by the federal geological survey today shows that the production last year was approximately 82,406,000 barrels against 72,438,036 barrels for the preceding year.

The estimated shipments of Portland cement during 1913 were 88,853,000 barrels, compared with 85,912,556 barrels in 1912, an increase of about 3,940,400 barrels.

IF BACK HURTS BEGIN ON SALTS
Flush the kidneys at once when Backache or Bladder bothers—Meat forms uric acid.
No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.
The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Jad Salts from any reliable pharmacy and take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.
Jad Salts is inexpensive and cannot injure; makes a delightful of effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

LEGAL NOTICE.
In the Matter of the Estate of John D. Hohl, deceased.
Notice is hereby given that on January 21, 1914, the Court of Probate of the County of Licking, Ohio, has appointed as administrator of the estate of John D. Hohl, deceased, the said John D. Hohl, Jr., of the County of Licking, Ohio, who is not a resident of Licking County, Ohio, and who is supposed to reside at First and Main streets, in the City of Cincinnati, Ohio. Dated this 14th day of January, 1914.
ROBERT HUNTER, Probate Judge.
The more rings a woman has on her fingers the oftener her back aches adjusting.

NEW TERMINAL
OPEN FOR B. & O.
FREIGHT IN N. Y.

The Baltimore and Ohio railroad placed in operation one of the most modern freight terminals of the present time, when its new concrete terminal warehouse in New York City was opened to commerce on Monday, January 19.

Occupying the block bounded by Twenty-fifth and Twenty-sixth streets and by Eleventh and Thirteenth avenues, the terminal building is 353 feet long by 68 feet wide and has eight stories for business purposes, with a mezzanine floor for offices, while there is an additional floor below the grade of the street.

Included in the terminal are team tracks and paved drive-ways to facilitate the handling of business through the terminal, while within the building is provided every modern device for moving shipments.

The new terminal equips the Baltimore and Ohio with enlarged freight facilities on Manhattan and combines both station and terminal storage with track connections. The terminal is readily accessible to the lines of the B. & O. and will be a vast reservoir of traffic to and from New York City and the trade centers reached by the railroad and its connecting routes.

Business concerns frequently find it desirable and convenient to store goods some distance from the railroad, and being fitted out with storage space and track connections, the terminal will eliminate trucking charges.

Another attractive inducement for the merchant is the minimum rating allowed by the insurance companies, because of the fireproofness of the building and the facilities provided for fighting fire.

The structure is of the latest design in fireproof construction, there being no wood in the structure. Goods stored in the building are also completely protected by a sprinkler system, having as its immediate supply a 50,000 gallon gravity tank located above the roof, and a 25,000 gallon supply in pressure tanks located in a concrete house on the roof. Should these two supplies be exhausted, there are five Siamese connections at the street level to which the city apparatus can be attached, replenishing the sprinkler system. In addition to the sprinkler system, there are two hose risers with 10-feet of hose at each floor level.

Two tracks, having a capacity of 18 cars, enter the building. The tracks are so constructed that the floors of the cars are approximately level with the first floor of the building—this floor being the unloading and trucking platform.

On the unloading floor are located automatic weighing scales, which are set to allow for the weight of the truck, and when a load is placed on the scale platform the hand on the dial indicates the weight. The hand remains fixed until the load is removed.

Six electric elevators, each with a capacity of 10,000 pounds, traveling 100 feet per minute, serve each floor, including the basement. These elevators are located on the street side, so that merchandise stored in the warehouse can be taken out without disturbing the freight handling on the first floor.

Large packages, especially automobiles, are handled in cars having end doors. To permit of such cars being unloaded directly into the warehouse, another track has been provided with its terminus just outside the end wall, where there is a door a large as the end of a car. Adjacent to this door is a large elevator, 12 feet wide by 17 feet long, to handle large packages or automobiles.

As the material stored varies considerably in weight, the floors were designed accordingly, the safe load varying from 500 pounds per square foot on the first floor to 1,500 pounds per square foot on the top floor. Above the first floor the building is divided into three sections by fire walls, making three separate compartments each served by two elevators, and an enclosed stairway which will also serve as a fire escape.

In the construction of the building 17,000 cubic yards of concrete and 675 tons of reinforcing steel were used. At present it covers only one-sixth of the lot but it is so arranged and constructed that additional can be made as the business warrants. The company anticipates covering the entire lot in the course of a few years.

The house is equipped with electric lights and telephone service. All conduits for both systems are concealed, having been placed in the floor slabs and columns during construction.

The interior telephone system provides means of communication from any section of the building direct to the office or to any part of the building. The telephone in the office connects directly with the New York Telephone Company, also to the private switchboard of the railroad company in the city and on Staten Island.

That part of the lot not used for the building is occupied by team tracks and drive-ways. The yard has a capacity of 75 cars. Every car can be reached by teams. Each team driveway is paved with granite blocks. Spanning one driveway and a track is a traveling granite crane, of five ton capacity for loading or unloading heavy freight.

A water crane of six tons capacity is convenient for teams. On the 25th Street side is a platform used exclusively for the unloading of poultry.

Scene from Act 2 "Bought and Paid For" At the Auditorium, Saturday Matinee and Night.

DENISON WILL
BATTLE WITH
HEIDELBERG

Granville, O., Jan. 21.—The strong Heidelberg quintet will battle with Denison at Granville this evening at 8 o'clock. The Timinities have a fine basketball team this year and an exceptionally hard game is expected. The last time these two teams met the results were disastrous for the Baptists. The game was played at Tiffin and although the score was close the big "Red" team was forced to be contented with the short end of the score. This year the Baptists will try to make amends for the defeat received four years ago out the game is expected to be closely contested. Heidelberg worsted the reported St. Johns University aggregation of Toledo last Friday evening at Toledo, which is certainly going some as St. Johns has achieved a reputation by their ability in the indoor pastime. Ohio State played them during the holidays and barely escaped defeat.

Kelly, who plays left guard for the upstate squad is particularly good. He is a sure shot if he is given half a chance to shoot, and is a fine floorman. D'Arcy at right forward is the best basket-shooter on the team and Reese of Denison will have to watch him with extreme caution. The Heidelbergers are heavy as well as fast and will make a good match with Coach Livingston's "huskies."

Jones, who was unable to play up to his usual standard last Saturday against Kenyon because of an injury, will undoubtedly resume his position at left forward tonight which will add materially to the strength of the team. The big "Red" five are going at a fast clip at present and are right in line for the State championship.

the Lexington meeting. His club will be the flag defender this coming season provided Catholicos citizens complete an admirably planned campaign they have on to rid the company from debt that was incurred during its first two years. If the project should be a failure, it is probable that the championship team will be transferred.

Club owners were notified during their Lexington meeting that Paris, N.Y., is desirous of having membership in the circuit. No formal reply was prepared for submission to the members, but it was the expressed wish of all that March 1 will find the present eight clubs fully qualified.

Theaters

"Bought and Paid For." George Broadhurst's wonderful play which is to be revealed to theatergoers in this city for the second time at the Auditorium, Saturday matinee and night, is one of the biggest successes William A. Brady has ever offered to the playing public. The large advance sale for the evening's performance, shows the play's drawing qualities and what our playgoers want in the amusement line. "Bought and Paid For" is one of the biggest successes of the past and present year. Editorials have been written about it, in praise of the play, urging their hearers to see it. Its moral tone and clean atmosphere have been the subject of pulpit discourses, and the lesson suggested and so plainly evident in its climax has been the means of a dramatic uplift that has benefited the stage in general and the universe at large. It will be worth while seeing. Sale of seats for both performances open Thursday morning.

Great Welsh Singer.
Evan Williams, the great Welsh singer, will sing at Memorial Hall, Columbus, February 6th. Seats are selling at 50c to \$1.50. Tickets are at Rawlings' Music store.

"She married him to reform him, and she has succeeded." "What was his favorite form of dissipation?" He was a spendthrift. "Why, he has nothing to spend?" "Nope, she spent all he had."—Houston Post.

Be strong all ye people of the land, saith the Lord, an work: for I am with you, saith the Lord of hosts.—Hag. ii. 1.

WONDERFUL COUGH REMEDY.
Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. D. P. Lawson of Eldon, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. I sell without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. Recommended by Frank D. Hall.

STATE LEAGUERS
TRADE: CHILLI
MAY DROP OUT

Columbus, Jan. 21.—Trading of Ohio State League players was commenced during the meeting at Lexington, Ky., Tuesday and probably is not ended yet. Portsmouth and Lexington were involved in the biggest deal completed. Pitcher Hartwig, Outfielder Cain and Catcher Peers were given up by Portsmouth to Portsmouth, and in return President Sheets of Lexington transferred Third Baseman Goose, Pitcher Weller and Shortstop Wunlap to the team that Pete Childs is to manage for the fifth straight season.

President Stern of Huntington secured First Baseman McCall, who used to play at Marion, from Hamilton by the latter route. The swap attached infielder Taylor to the Hamilton roster.

Had he been on a defense, First Baseman Sherrill could have traded away practically all of the CHILLI-league players. One proposition that he put up was talked for the time being. Mr. Sherrill was in Columbus yesterday on his way back from

New Corn Cure
A Real Marvel
Guaranteed and Absolutely Painless.
A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns, and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application, and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.
Hall's painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied, or back goes your money.
Lasts longer than several packages of any other corn treatment, and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

CINCINNATI MAY BE INVADIED BY THE FEDERALS

(Associated Press Telegram)
Cincinnati, Jan. 22.—This city which is the headquarters of organized baseball inasmuch as the office of the national commission is located here, is seriously threatened by an invasion of the Federal league. At a secret meeting held last night in the offices of a law firm it was almost finally decided to switch the franchise of the Toronto Federal League Club to Cincinnati. Present at the meeting were President James A. Gilmore of the Federal league; E. E. Gates, counsel for the league; Joseph Dixon, president of the newly organized city league, and Paul Connelly, an attorney. Dixon, who is prominent in amateur sports, particularly baseball, outlined the local situation to Messrs. Gilmore and Gates. A site for a new ball park within 15 minutes ride of the heart of the city was considered but nothing positive was determined, except that Dixon would direct the new club if an invasion of this territory is decided upon. It is understood that Gilmore and Gates will return to this city soon to go deeper into the matter and arrange financial details. Catcher Killifer was yesterday signed with the Philadelphia National League club to which he belonged previous to signing contracts with the Federal league.

MRS. ROCKEFELLER MAKES \$30,000 GIFT TO CHURCH
Cleveland, Jan. 22.—Mrs. John D. Rockefeller presented to the First Baptist Church a \$30,000 in gold bonds of the Rockefeller foundation fund bearing five per cent interest at the congregation's annual meeting last night. The bonds will provide an annual income of \$1,500 which the donor requests be devoted to current expenses.

HIGH SCHOOL BAND TO ENLIVEN THINGS AT BASKETBALL GAME

Friday night at the armory in East Main street, Newark High and Lancaster High will meet in a basketball game the second of the season to be played here. The High School boys' band will be on hand to aid in keeping the crowd in good humor. A game between the junior and sophomore girls of the local school will be a feature of the evening's program. The game will be called at 7:30 o'clock and the management has fixed the general admission price at 15 cents.

NEW MOVEMENTS ENDORSED BY THE FEDERATED CLUBS

(Associated Press Telegram)
Cleveland, Jan. 22.—The Cleveland Federation of Women's Clubs representing 10,000 gave its support yesterday to the new movements which they believe will better conditions in many Cleveland homes. The federation endorsed the proposition for the establishment in Cuyahoga county of a court of domestic relations, to be separate from other courts and settle differences and disputes in homes where harmonizing influences are needed. It also endorsed and promised support of the consumers' league, representing 11,000 women in an effort to have appointed a woman inspector of markets.

MANAGEMENT OF OHIO LIFE IS VINDICATED

STOCKHOLDERS IN MEETING AT CINCINNATI WEDNESDAY APPROVE POLICY OF DIRECTORS

A. H. Halsey, a Director and O. C. Jones, Stockholder Represent Forty Licking County Investors—Old Directors Are Re-elected.

Complete vindication of the present management of the Ohio National Life Insurance Company was made yesterday by the stockholders at the annual meeting, held at the Sinton Hotel, Cincinnati. No criticism or opposition to President Albert Bettinger and his associates was voiced on the floor, and the entire 21 candidates for Directors who had the support of the administration were elected.

Forty stockholders from Licking county were represented by A. H. Halsey, one of the directors and O. C. Jones, both of Newark. Two factions were represented at the meeting which was called to order at 2 p. m.

The meeting was largely attended, some 300 stockholders, many from up state, being on hand. A campaign for proxies had been waged by R. L. Dollings of Hamilton, in which he severely criticized the management of the company's affairs by the present officers and board of directors. The contest made another chapter in the history of the dimensions that have been rife in the company for the past two years.

The success of Mr. Bettinger and his associates yesterday was overwhelming. Through Mr. Dollings was present, no attempt to support his charges was made by him. In fact he left the meeting before the vote on the directors was held. The Bettinger ticket received the support of 37,880 shares out of a possibly 44,908. It is said that the election by such a majority will terminate the efforts of the opposition to discredit the present board.

Mr. Bettinger, as President, read a lengthy report in which he, in detail, recounted the history of the troubles of the company and in which he severely scored the methods and actions of former officers and agents. He told of stock manipulating, of over-written policies of lapses, and recounted how detectives and dictagraphs had been employed to uncover disloyalty to the company.

Mr. Dollings, Josiah Kirby and others came in for severe censure at his hands. He told of the processes by which former officers and employees had been eliminated, and the efforts of the present regime to put the company on its present basis. He answered the questions propounded to him by Dollings in the circular letter sent out by the latter to the stockholders of the company.

At the conclusion of the meeting Mr. Bettinger was given a personal ovation, and motion was unanimously adopted approving his course in the management of the company and thanking him for his services to the company.

The directors elected without opposition on the ticket known as the administration list were: Franklin Alter, Cincinnati; O. C. B. Austin, Delaware; Ohio; W. A. Bennett, Cincinnati; Ohio; Albert Bettinger, Cincinnati; Ohio; Louis F. Blue, Marysville; Ohio; Henry Bohl, Columbus, Ohio; William M. Donaldson, Newport, Ky.; Frank B. Enslow, Hunt, Ohio; Va.; Michael L. Fennell, Cincinnati; Ohio; Frank E. French, Cincinnati; Ohio; J. T. Friedman, Covington, Ky.; W. H. Hatfield, New York; Ohio; W. H. Hawley, College Corner, Ohio; A. H. Halsey, Newark, Ohio; Isaac Kinsey, Toledo, Ohio; Edward G. Kinn, Lancaster, Ohio; Ben S. Leonard, West Liberty, Ohio; H. P. Rauh, Ottawa, Ohio; A. H. Reeder, Dayton; J. B. Seymour, Kenton, Ohio; C. K. Sunshine, Cleveland, Ohio.

After the meeting the new board of directors held a session at the office of the company, where officers for the ensuing year were elected. They are: Albert Bettinger, president; Wm. A. Bennett, Henry Bohl and J. T. Hatfield, vice presidents; Charles B. Moore, secretary; J. Dalbey Crawfis, treasurer; Thomas M. Ball, manager of agencies; Dr. Geo. W. Brown, medical director, and Walter Schmitt, general counsel.

Mr. Dollings last night explained that no opposition was presented at the meeting because of the dropping of former Vice President Ball and Treasurer Crawfis from the list of candidates for directors. In all six new members were included in the candidates, they being Messrs. Alter, Blue, French, Hawley, Kinn and Sunshine. The placing of these new men on the ticket was satisfactory to the opposition. Dollings explained, and therefore no further objections were offered at the meeting yesterday.

BASEBALL WRITERS ASK DEFINITE RULE ON FIELDER'S CHOICE

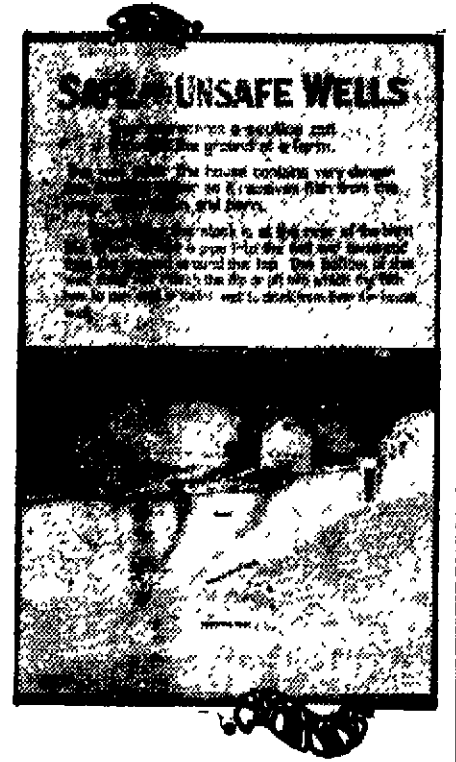

New York, Jan. 22.—The Baseball Writers' Association was requested yesterday by Secretary John Heydler of the National League to draw up a scoring rule covering the so-called fielder's choice and to amend the present rules in such a manner as to define which plays shall be scored as hits. Heydler's request was in response to a letter received from Wm. Weart, secretary of the association, to the effect that the play known as the Cincinnati base hit had been disapproved by the writers' organization. Heydler said he had received numerous suggestions regarding the proposed elimination of the "intentional base hit."

Disappointment comes oftenest to the people who depend entirely upon luck.

Best Treatment for All Complexion Tills

From Women's Tribune.
I'll tell you the panacea for all complexion troubles. If the skin be colorless, sallow, muddy, or sordid, if it be rough, chapped, blotchy, or simply there's nothing that will so surely overcome the condition as ordinary mercurized wax. The wax is literally a dead and dead particles of the skin, so that, gradually, you experience no inconvenience at all. A complexion is then in evidence, one so clear, spotless, delicately soft and beautiful, you look many years younger. One ounce of this wax, procurable at any drug store, will rejuvenate even the worst complexion. It is smeared on like cold cream before retiring and removed mornings with warm water. The mercurized wax habit is a healthier and more economical one than the cosmetic habit. If the skin be wrinkled or creased, bathe it daily in a solution made by dissolving an ounce of powdered sassafras in a half pint witch hazel. This acts immediately, affecting even the deepest wrinkles.—Elsie Desmond. Advertisement.

HERE'S HOW STATE PREACHES HEALTH

WHILE you are digging a well you may as well locate it so that the water from it will not be contaminated. It is just as cheap.

The above is a small view of one of the models in the Ohio State Public Health Exhibit, which illustrates the dangers of putting the well in the wrong place.

There are many models on various PRACTICAL HEALTH subjects shown in the exhibit. You should see it while it is in the county, and you should hear at least some of the free health lectures given nightly in connection with it.

The lectures cover a wide variety of subjects and each is by a different specialist in that line.

They are designed to be of interest to every class of citizens—farmers, business men, laborers, clerks—everyone.

MADE IT EASY FOR SLEUTHS OF NEW YORK

(Associated Press Telegram)
New York, Jan. 22.—A young man, giving the name of Harry Schaefer, walked into a police station today and said: "I understand you are looking for me. I want to give myself up."

He was held on a technical charge of homicide.

On August 17 last the police sent a general alarm all over the United States for the arrest of two men sought for the murder of William G. Martin, a milliner of Toronto, Canada, who came to New York to buy stock and was found strangled to death in a boarding house.

STATE CORN SHOW AT MANSFIELD MAY BREAK ALL RECORDS

(Associated Press Telegram)
Mansfield, Jan. 22.—D. W. Galehouse of Wooster, secretary of the Ohio Corn Improvement Association, and a corps of men from the agricultural experiment station arrived yesterday to place the exhibits for the state corn show to be held here next week. It is estimated the number of entries will exceed 500, the mark set at the show at Lima last winter.

MUST NOT WEAR MONOCLES.

(Associated Press Telegram)
Findlay, Jan. 22.—Findlay high school students will not be permitted to wear monacles. More than 100 students within the last 10 days have begun wearing them in the classrooms and yesterday Superintendent Smith issued an order prohibiting them.

THE GREAT WESTERN

LATE HOURS MUST NOT BE KEPT BY YOUNG GIRLS

Probation officers of Juvenile court have renewed their campaign against young girls who persist in keeping late hours. Incidentally, Juvenile Officer John Dwyer has issued a warning to habitues of public dances and skating rinks that girls under eighteen, not accompanied by members of their family, must be out of public places by 9 o'clock every night.

Officer Dwyer brought Mamie Hagerman, seventeen, into court Thursday morning on a complaint to the effect that the girl keeps unseemly hours and appears to be beyond control of her mother, who is ill in the home in Summit street. Probation Officer Mary Miller gave the girl a warning and admonished an elder sister to beware of her conduct.

"I have warned the manager of the Casino rink twice about permitting girls under age to remain in the place after 9 o'clock, and I shall not warn him again, announced Officer Dwyer, Thursday. "The regular rules of the place seem sufficient if they are enforced," he added, "but if any more young girls are found there after the curfew hour there'll be trouble."

A Single Application Banishes Hairy Growths

(Toilet Talks)
Much interest is manifested among beauty specialists in the new painless treatment for superfluous hair. This consists of a paste which is made with a little powdered delatone and water and applied to the objectionable hairs for 2 or 3 minutes, then rubbed off. Following this treatment the skin should be washed to remove the remaining paste and it will be left free from hair and blemish. Care should be used to see that it is delatone you get. Otherwise it may be disappointing.

MAY HAVE TO CLOSE HOME

Mrs. Rosenberg, who styles herself the city missionary, has announced that on account of lack of financial support she finds it necessary to close Mercy Home in Jackson street, January 28. Mrs. Rosenberg has been working in homes of the needy during the day, and soliciting funds for care of the poor of her community, and has been doing washing and laundry work at night.

Unless the back rent for the home is paid and the place continued in operation by some outside aid, the belongings will be stored. Mrs. Rosenberg expects to continue her personal work, however.

Notice to Contractors.

Sealed proposals will be received by the Board of Trustees of the Newark City Hospital, until twelve o'clock, noon, January 28th, 1914, for the furnishing of the materials and performing the labor necessary to install the Heating and Plumbing in the Nurses' Home, according to the plans and specifications prepared by Frank T. Packard, Architect, Columbus, Ohio, and which are on file with the Secretary of the Board of Trustees, Newark, Ohio, and at the office of the architect, Columbus, Ohio, and open to public inspection during all reasonable hours until the time fixed herein for closing of bids.

The successful bidder will be expected to furnish a bond in an amount equal to 50 per cent of the contract.

Proposals shall be sent to H. D. Woodbridge, Secretary of the Board, Newark, Ohio.

The right is reserved to reject any or all bids.

By order of the Board of Trustees, H. D. WOODBRIDGE, Secretary.

1-22 24 26

NOTICE TO PUBLIC

The public is hereby notified that the office of Sealer of Weights and Measures is located in the Convention room of the Court House, and that said office will be open every Saturday from 9 a. m. to 4 p. m. for the purpose of sealing weights and measures brought to the office.

The public is also warned against using weights or measures that have not been sealed by the Sealer of Weights and Measures, as required by Section 2616 of the General Code of the State of Ohio. Said section provides a penalty of \$50 to \$100 for using unsealed weights and measures.

J. W. HURSEY,
County Sealer of Weights and Measures. C. R. McFadden, deputy.

The Threat to Kill.

Two current newspaper items state that Ignace Paderewski, the pianist, has had to cancel his Pacific coast engagements, having collapsed as the result of persecution by Black Hand threats. Also that William T. Jerome has received a great many letters, threatening him with death if he does not stop pursuing Harry Thaw.

The threat to kill is getting altogether too commonplace. In every large city insidious and cowardly attacks of this kind are frequently reported to the police.

Of course nearly all these warnings are mere fakes. No doubt many of them are written by boys as a joke. The writers would not dare become highwaymen, or express their opinions of public men by writing to a newspaper.

Nevertheless, the anonymous threatening letter is the most dangerous kind of a weapon. It deserves a penalty not unlike what would be given for an assault with intent to murder. Meanwhile victims should never yield to these silly attacks, remembering that a man who resorts to such means is afraid of his own shadow.

The express companies are going to lower their rates Feb. 1, and some people have faith to believe they were just about to do it anyway when the government started the parcel post.

It is claimed that the railroads should reduce the pay of high salaried officials, although these men have unusual difficulty in meeting the cost of living.

There are 10,000 applications for 400 jobs as income tax inspectors. Is it not delightful that there are so many patriots willing to make sacrifices to save their country?

Even if they did give every one \$35.11, his share of the money of the country, some people would have self control enough to show up at the office next day.

No, Sporting Friends, when the Mexican Federals are mentioned in the newspapers, it does not refer to any teams connected with the new baseball league.

Although President Wilson talks to the reporters freely, they don't seem satisfied with his interesting exposition of the Aeneid of Virgil.

It is not true that John Lind remarked that the weather was pleasant the other day, as he never talks recklessly to interviewers.

Jan. 22 In American History.

1598—Birth of John Winthrop, famous colonial governor of Massachusetts; died 1649.
1814—General Andrew Jackson's white and Indian allies attacked the Creek Indians at Emucfau River, Ala.
1870—George D. Prentice, poet and editor, died in Louisville, Ky.; born 1802.
1894—Constance Fenimore Woolson, author of note, died; born 1843.

Erening stars: Mars, Saturn. Morning stars: Jupiter, Venus, Mercury. The corners of the great square of Pegasus point east, west, north and south. The star at the eastern or highest corner is Alpherat of constellation Andromeda.

Strong Blood

Or weak blood governs for good or ill every part of the body. The medicine that makes weak blood pure and strong is HOOD'S SASSAPARILLA. For over a third of a century it has been the leading blood purifier.

Human Procession

Nowadays the little island of Bermuda, aloof in the Atlantic, about 700 miles from New York, is principally interested in the tourist crops. When a liner steams into Hamilton harbor—which liners now do with great frequency—the question of the moment is, "How many tourists did she bring?" A score of years ago the first inquiry was, "What's the price of onions?" It was so when Mark Twain first visited the "isles of enchantment," and on the subject of Bermuda onions he wrote:

"The onion is the pride and joy of Bermuda. It is her jewel, her gem of gems. In her conversation, her pulp, her literature, it is her most frequent and eloquent figure. In Bermudian metaphor it stands for perfection—perfection absolute. The Bermudian weeping over the departed exhorts praise when he says, 'He was an onion.' The Bermudian extolling the living hero bankrupts applause when he says, 'He is an onion.' The Bermudian setting his son upon the stage of life to dare and do for himself climaxes all counsel, supplication, admonition, comprehends all ambition, when he says, 'Be an onion!'"

Bermuda has produced a number of human "onions," but perhaps the most famous of all "onions" is Dr. Francis Landey Patton, Woodrow Wilson's predecessor as president of Princeton University, and later, until his recent retirement, president of Princeton Theological Seminary. Dr. Patton was born in Warwick parish, Bermuda, seventy-one years ago today, and received his early education at Warwick Academy in his native island. Then came the time when he set out "to dare and do for himself," and with the admonition to "Be an onion!" ringing in his ears, sailed away for Canada, where he entered Knox College, Toronto, and later the University of Toronto. His ambition was toward the ministry, and from Toronto he went to Princeton, where he completed his education at the theological seminary. In 1865 he was ordained to the Presbyterian ministry, and in the same year he married the daughter of a New York clergyman. After several years as pastor of churches in New York and Brooklyn, he was offered the chair of Cyrus H. McCormick professor at the Theological Seminary of the Northwest in Chicago, and remained there about ten years, also acting as pastor of a Chicago church.

Dr. Patton's connection with the Princeton faculty began in 1881, when a chair in the theological seminary was especially endowed for him by Robert L. Stewart. He was professor of ethics and of the relations of philosophy and science to the Christian religion. In 1888 he was made president of Princeton University, but in 1902 he was succeeded by Dr. Woodrow Wilson, and returned to the theological seminary, of which he became secretary. Incidentally President Wilson has spent several vacations in Bermuda. Dr. Patton's birthplace, and is a devoted admirer of the charms of the little group of islands. It is understood that the President desired to go to Bermuda this winter, but decided not to do so on account of the fact that the "isles of the lily and the onion" are foreign soil. Dr. Patton's son joined the Roman Catholic church a year or two ago.

Maurice Hewlett, the famous English author, will be fifty-three today. Like so many other literary lights, he, too, has fallen victim to the prevailing "excitement," and his latest novel, "Helen Redeemed," has been somewhat shocking to Mrs. Grundy. Mr. Hewlett started his career as a barrister, and for some years was in the land revenue service. He was well past thirty when he published his first volume, and his fame had not extended across the Atlantic until he wrote "Richard Yea-and-Nay," some fourteen years ago. Since then he has won a host of admirers in America, as well as in England.

A POPULAR VERDICT.

Based on Evidence of Newark People
Grateful thousands tell it—
Of weak backs made strong—
Of weak kidneys made well.
Urinary disorders corrected.
Newark people add their testimony.

They praise Doane's Kidney Pills. Newark evidence is now complete. Newark testimony is confirmed. Reports of early relief substantiated.

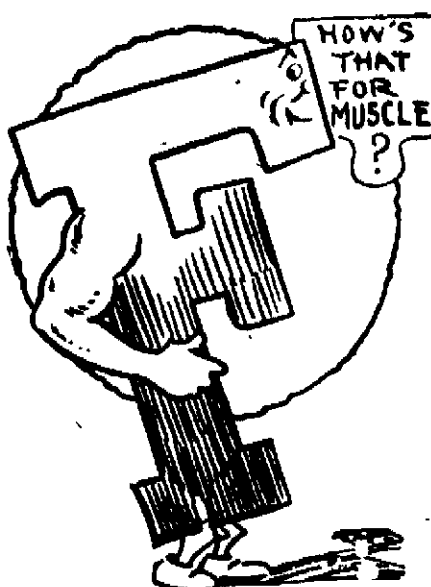

Merit doubly proved by test of time.
Let a Newark citizen speak.
J. W. Lippincott, 127 N. Eleventh St., Newark, Ohio, says: "Doane's Kidney Pills cured me of kidney disease and backache. I gladly confirm the statement I gave some years ago, praising them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doane's Kidney Pills—the same that Mr. Lippincott had. Foster-Milburn Co., Props., Buffalo, N. Y. 56

GERMAN PROVERBS.

The lazy become industrious in the evening.
Nobility and nobleness are two different things.
Every beginning is difficult, as said the thief on stealing an anvil to commence with.
Better go to bed without supper than rise with debts.
The parsons labor in God's vineyard and the doctors in his churchyard.
He who does not become handsome before twenty years of age, strong before thirty, wise before forty, rich before fifty—on such a man hops and malt are lost.

WHAT IS IT?

What kind of an estate?

Answer to Wednesday's puzzle—Poplar.

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, Jan. 22.—[Special.]—Agricultural extension work is the purpose of the bill fathered by Senator Hoke Smith of Georgia and which he explained to senators last week in a manner that received the closest attention. Teach the farmers how to farm so as to make their lands produce more is what Senator Smith was trying to impress upon the senate. Agriculture in the United States is neglected compared to what is done in every other country, particularly those thickly populated.

It is expected that the agricultural extension bill will become a law before this session adjourns. It contemplates having an agricultural instructor in every county in the United States who is informed as to the soil and climatic conditions and who can tell the farmers what crops are best for their farms and give them information as to how to improve their fields.

A Mistaken Policy.

The suggestion was made during the debate on the Alaska railroad bill that it would have been better if the government had built outright the railroads, to which such liberal subsidies in the way of land grants were given half a century ago, and to have given them to the men who really built them and made available the rich lands which were thus frittered away. Possibly it would have been better if the policy of allowing railroads to be built to meet the demands of settlement and conducted upon a business basis had been followed. The west would not have been developed so fast, but there would have been no vast grants of land in the hands of big corporations. Think of forty mile strips on each side of railroad lines in which every other section or one-half of the entire strip was given away to railroads!

Parcel Post by Freight.

During the discussion of the parcel post feature of the postoffice appropriation bill Congressman Lewis of Maryland, who has given a great deal of attention to the subject, asked:

"Do you know of any fundamental objections to utilizing fast freight service for the parcel post?"

"I think it is entirely practicable," replied Chairman Moon.

Cummins' Pre-emption.

Senator Cummins of Iowa let it be known that he was more than a year ahead of President Wilson in the matter of presidential primaries. Not long ago he called attention to a bill he introduced in the last congress, some eighteen months since; also that he had introduced the bill in the early days of this congress and inquired if a report might not be expected upon it. He developed the matter with sufficient clearness to make the record show that he was a long time in advance of the president's message on the subject.

Must Keep Order.

They have a new rule in the senate which provides that the presiding officer must keep order. That means Vice President Marshall. One day a senator complained about lack of order. Mr. Marshall said:

"The chair has long ceased to hope that he could keep order in the senate of the United States."

"But the rules make it the duty of the chair to keep order," replied the senator.

"I have not been able to find anything like that in the rules," said Mr. Marshall. And then they began looking it up, and behold, there was no such rule! So they fixed one, and hereafter the vice president will have the power to enforce order on the floor. But he can't do it. The senate makes its own disorder.

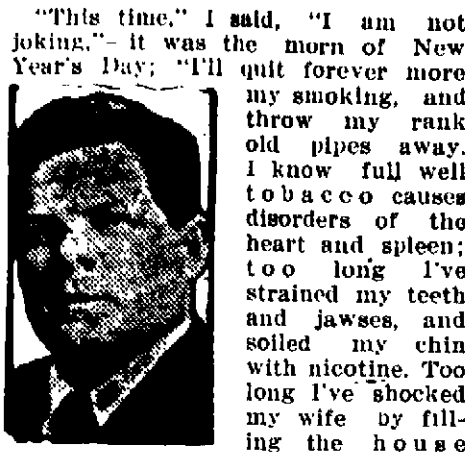

Starts Something.

Senator Ashurst can be depended upon to "start something" almost any day. No one can tell just what he may do next, but it is generally something interesting. When the Arizona senator begins he is almost sure to have half a dozen old timers going before he gets through. After he has been particularly severe or had a "run-in" with another senator he goes over and has a real confidential talk in order to show that fight was purely Pickwickian or at least it was for the public and was not to interfere with his private relations with senators.

Faint praise never won fair damsel.

Uncle Walt

Being Good.

"This time," I said, "I am not joking." It was the morn of New Year's Day; "I'll quit forever more my smoking, and throw my rank old pipes away. I know full well tobacco causes disorders of the heart and spleen; too long I've strained my teeth and jaws, and soiled my chin with nicotine. Too long I've shocked my wife by filling the house with fumes hard to endure; and now I cut it out, God willing, and send y briars to the poor." No sooner was my vow recorded than came a meerschaum pipe to me; with pipes like that are king's rewarded—a noble pipe that's fair to see. Then some kind friend who wished to cheer me, and from heart erase the scars, brought grim temptation once more near me—he sent a box of fine cigars. Another sent a jar of lacquer—a priceless thing from far Japan—in which to keep my choice tobacco, a princely gift for any man. My vow lies heavy on my shoulders, I writhe beneath temptation's strokes, for I have silver mounted holders for cigarroets and other smokes, and all the jimcracks and equipment that good tobacco dealers sell, and every mail brings me a shipment of things a smoker loves too well. That vow of mine! It frets and wearies, and gives my soul a frequent fit; and don't you spout too many queries, concerning whether I've stayed quiet!

No Fear of Competition In Polar Exploration

By Sir ERNEST SHACKLETON, Who is About to Explore South Pole Regions

I HAVE no fear of American competition or of any rival scheme. I have many very excellent American friends, and it would be more interesting if the TWO NATIONS WERE COMPETING FOR THE HONOR which I am seeking to achieve for Great Britain. I certainly have no objection even if the plans which I have published are adopted by others. THE ANTARCTIC REGIONS DO NOT BELONG TO ME, and it would be a compliment if my ideas were adopted by others.

IF ANYTHING IN THE NATURE OF A RACE TAKES PLACE ALL I CAN SAY IS I SHALL DO MY BEST TO WIN WITH THE BRITISH.

OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Stephenson, on the Pacific Coast.

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicines advertised and thought I would try them, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—Mrs. W. STEPHENSON, Independence, Oregon.

A Grateful Atlantic Coast Woman.

HODGDON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO., (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

FOR FROST BITES AND CHAPPED SKIN.

For frost bitten ears, fingers and toes; chapped hands and lips, chilblains, cold sores, red and rough skins, there is nothing to equal Bucklen's Arnica Salve. Stops the pain at once and heals quickly. In every home there should be a box handy all the time. Best remedy for all skin diseases, itching eczema, tetter, piles, etc., 25c. Recommended by Frank D. Hall.

SAFETY FIRST

To an ever increasing extent people are realizing that SAFETY is the first consideration in investing money. This accounts for the diminishing sale of stocks and other manifestations of a growing caution on the part of the public.

More and more are people coming back to depend on such sterling savings institutions as this, where funds are invested in first mortgages on real estate, with every possible safeguard.

Are YOUR savings here?

"THE WARDS OF SOCIETY," a two-reel Pathe drama of facts at the GRAND tonight.
1-22-23

Seriously Ill.
The many friends of Mr. Ed. Doe, field of this city will be sorry to hear that he is critically ill at 151 East Oak street.

Accepts New Position.
Earl Binder, who for a number of years has been employed by Mr. Remillet in the Arcade Jewelry store, has taken a position with the new Wick Jewelry store in East Park place.

Two Drunks Fined.
In police court Thursday morning, Mayor Beebe fined two drunks \$5 and costs and each man ten days in jail for being drunk.

Early Morning Fire.
Slight damage resulted from a blaze which started above a coal place at the home of A. M. Miller, 348 North Fourth street about 10 o'clock.

NO PANIC HERE.
The police court regulars many of them known in police circles as members of the "White Horse" gang have made a new resolution which they resolved to mend their ways, so that they may avoid the danger of a long prison sentence. Police officers believe that the workhouse contract will have much to do with keeping these regulars out of jail.

Congressional Candidate Here.
At the annual meeting of the Newark Telephone Company held Wednesday evening the following officers and directors were elected: R. W. Smith, president; E. T. Ruzg, vice president; C. S. Spencer, secretary; W. S. Welant, treasurer; Judge Robbins Hunter, Harry Swisher and George B. Sprague.

From Miss Laura Bane.
Miss Laura C. Bane, 219 East College street, Louisville, Ky., writes to the Advocate saying: "I am glad you informed me of the expiration of my subscription. You will find enclosed remittance for the year in advance. It's like a letter from my old home. I can not do without the Advocate."

Regulars are Worried.
The police court regulars many of them known in police circles as members of the "White Horse" gang have made a new resolution which they resolved to mend their ways, so that they may avoid the danger of a long prison sentence. Police officers believe that the workhouse contract will have much to do with keeping these regulars out of jail.

25 YEARS AGO

(From Advocate, Jan. 22, 1889)
The Ladies Historical society met at the home of Dr. Black of North Fourth street yesterday.
Shannon & Hilker kept the house in an uproar last night at the Seller theatre.
Members of the "Little Tycoon" are requested to meet tonight at Mr. Wilson's of Granville street.
Miss Jennie Rockwell of Columbus is the guest of Miss Vandegrift of Sixth street.
Mrs. W. H. Harrison left for Baltimore today to visit her daughter, Mrs. George French.
Miss Birdie Haughey entertained a number of friends last night at her home in the West End.
Mr. and Mrs. Thomas Lippincott of West Church street entertained for Mrs. Ed. Cosgrove of Columbus.
The latest society fad is the English key chain. For sale by all local jewelers.

Fifty Years Ago Today.
Jan. 22.
The California legislature adopted resolutions favoring the re-election of Lincoln in 1864. Only seven dissenting votes were cast in both houses.
General A. E. Burnside established headquarters of the Ninth corps on the point at the corner of Twenty-second street, Fifth avenue and Broadway, New York, now occupied by the Flatiron building. The corps had been detached from the army for special service.

Twenty-five Years Ago Today.
Subscriptions for M. de Lesseps' new French Panama canal company were opened in Paris. There were 60,000 shares at \$100 per share. Expenditures had already reached \$250,000, although but one-fourth of the work was finished.

o'clock Thursday morning. The cause of the blaze is not known.
Able to Return to Work.
J. P. Bradley, residing in South Third street, who has been confined to home for the past three weeks with a sprained ankle, was able to return to his work at the Whirl company today, where he is employed as a molder.
New Taxi Service.
A new taxicab service has been established in the city by Murray Connolly and Homer Dickson. The headquarters will be at the Sherwood Hotel, and the service will be known as the "Red Hood" service, all machines having the hoods painted red.
Just Escaped Workhouse.
William Lovell, colored, charged with fighting, drew a fine of \$5 and costs and 20 days in the Columbus workhouse Wednesday afternoon but Mayor Bigbee suspended the days on condition that Lovell leave town immediately. He paid the fine.
Held to Grand Jury.
Brady Whyde, arrested yesterday on a charge of assault on Charles Vinning, was this morning bound over to the grand jury under \$200 bond. Vinning told the police that Whyde assaulted him about two weeks ago when Vinning tried to join a singing party of which Whyde was said to be a member.
Leave for Florida.
W. W. Neal, of the wholesale grocery firm of Fleek & Neal left Tuesday, accompanied by Mrs. Neal, to spend several weeks in Naples, Fla., for the benefit of his health. Mr. Neal on advice of his physician will take a complete rest, which it is believed, will greatly improve his condition.
Telephone Company's Directors.
At the annual meeting of the Newark Telephone Company held Wednesday evening the following officers and directors were elected: R. W. Smith, president; E. T. Ruzg, vice president; C. S. Spencer, secretary; W. S. Welant, treasurer; Judge Robbins Hunter, Harry Swisher and George B. Sprague.

WARFARE ON ORGANIZED BASEBALL

Chicago, Jan. 22.—Plans for a legal war on organized baseball have been outlined by the Federal League and lawyers who will direct the campaign as rapidly as possible for defense or offense as developments require, according to President Gilmore who returned today from Cincinnati. He refused to discuss the report that the Toronto franchise might be transferred to Cincinnati though other leaders of the new league seemed to think it likely that such a transfer would be made. "I expect the league will start the season with the present lineup," said Gilmore.

Except that the league had prepared for war in time of peace, Gilmore would not discuss any plan of action which may result from the signing of William Killifer by the Philadelphia Nationals after he signed with the Chicago Federals. Every point that might be made in court was watched by the league officials today, however.

With this in view, Charles Weegham, the local club owner refused to receive from a postman a registered package marked in one corner "Killifer's contract with the Federal League and the advance money said to have been given him by Weegham. Weegham said the advance money given to Killifer and Ad Brennan, the Philadelphia National pitcher, amounted to \$500 each.

Manager Joe Tinker of the Chicago club received a telegram from Brennan today which he believes indicates that Brennan would remain with the Federals. A long distance telephone conversation between Tinker here and Brennan at Kansas City was expected to settle the matter.

Local Druggist Makes Many Friends

R. F. Collins, druggist, 27 Hudson avenue, reports he is making many friends through the QUICK benefit which Newark people receive from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy became famous by curing appendicitis and it is the most thorough bowel cleanser known, acting on BOTH the lower and upper bowel. JUST ONE DOSE of Adler-ika relieves constipation and gas on the stomach almost IMMEDIATELY.

FIRE AT FT. WORTH THIS AFTERNOON IN COTTON PLANT

(Associated Press Telegram)
FT. WORTH, Texas, Jan. 22.—Fire starting in the plant of the Ft. Worth Cotton Compress company shortly before 2 o'clock this afternoon in a high wind, appeared to be beyond control. It spread to the Ft. Worth and Denver freight house adjoining and threatened \$400,000 worth of compressed cotton in the warehouse.

BIG SHIPMENTS OF BUTTER COME FROM ARGENTINE

(Associated Press Telegram)
New York, Jan. 22.—The first big shipment of Argentine butter, consisting of 2,000 boxes of sixty pounds each was received here yesterday and it was said one of the causes of yesterday's decline in the butter market.

The butter cost about 29 cents laid down in New York with all charges paid. New York will not consume all of it as 1,000 boxes will go to Boston. Another cargo of Argentine butter is on the way here.

STEAMSHIP WAR IS DECLARED

Paris, Jan. 22.—War was officially declared today between the Hamburg-American line and other steamship companies.
The delegates to the North Atlantic shipping conference reorganized the combination this morning, leaving out the Hamburg-American. A notice excluding that company and declaring a state of war was promptly issued.

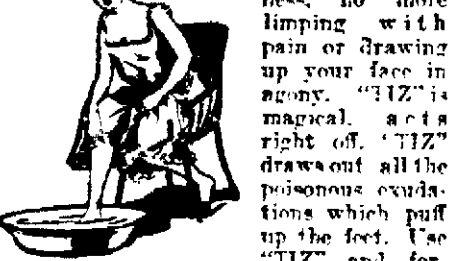

"I believe every woman should have a husband," remarked Mrs. Haskaway. "Yes, but it should be her own," snapped Mrs. Blunt.

"What sort of a fellow is Brown?" "Well, he means well." "So you think him a nuisance, too?"—Detroit Free Press.

HOW "TIZ" HELPS SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's lot comfort guaranteed or money refunded.

"CASCARETS" FIX SOUR STOMACHS

Gently move acids, gases and clogged up waste from stomach, liver and bowels while you sleep.

Get a 10-cent box now.
That awful soreness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness, and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excessive bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

FIGHTING OVER \$20 MONTH JOB AS HEALTH OFFICER

(Associated Press Telegram)
Lima, O., Jan. 22.—Two men are trying to hold the job of health officer here at the same time and neither is drawing any salary for it. James Collison claims the place by appointment from Mayor Robb, and James V. Smiley says his selection by former Mayor Shook holds good. City Auditor Simpson declines to pay either the \$20 a month salary until the dispute is settled.

ONE KILLED, 15 INJURED IN TRAIN WRECK

(Associated Press Telegram)
Ottawa, Ont., Jan. 22.—The Minneapolis, St. Paul and Sault Ste. Marie train No. 14 which left Montreal at 10:30 o'clock last night, was wrecked by the spreading of a rail at Meath, ten miles east of Pembroke, Ont., early today. One woman passenger was killed and about fifteen injured, seven seriously.

FACULTY MEMBERS MUST PAY ADMISSION TO SPORTING EVENTS

(Associated Press Telegram)
Madison, Wis., Jan. 22.—Hereafter faculty members and administrative officers of the University of Wisconsin will have to pay admission to witness university football, baseball and basketball games and track events, as the result of a ruling made by the athletic council yesterday. Only team managers, players, newspaper men and members of the varsity "W" will be admitted free.

ST. JOE'S ROAD.

Mrs. Viola Trust was taken seriously ill last Tuesday, and her condition is still very serious.

EB Moore left for the Isle of Pines Saturday.

Mrs. Will Smith of Newark, is spending the week at the home of Mr. and Mrs. J. Sutton.

Quite a number from here attended the farmers' institute at Alexandria Monday and Tuesday.

Charles McKinnon left Thursday for Newark and Zanesville where he will spend a week.

FOUR PRISONERS
SENT TO WORKS
BY THE MAYOR

Newark's first municipal excursion to the Columbus workhouse was scheduled to leave at 1:40 Thursday afternoon. The party was composed of seven men, three of whom expected to return Thursday evening while the remaining four will be given stop over privileges in Columbus for periods ranging from 48 to 75 days. During this time their board and lodging is paid by the city, though it can hardly be said that the men will enjoy the stay in the capital city.

True to his promise, Mayor R. C. Bigbee Thursday morning told four prisoners in police court "the rest of the story"—which was continued from Wednesday. The rest of the story consisted of sentencing each to the workhouse to serve out a fine assessed for various charges.

Joseph Smith, colored junk dealer, charged with assaulting Marie Stevenson, the woman with whom he is living, drew a fine of \$5 and costs and an additional sentence of 60 days in the works. This will keep him there for 75 days.

Robert McHale, John Ridenour and Edward (Granny) Elben each drew fines of \$25 and costs and were ordered committed to the Columbus works to work out the sentence. These fines will keep them confined for 48 days.

Police Chief Sheridan, Captain Swank and Patrolman Hurlbaugh were the officers in charge of the first excursion which departed via Ohio Electric train at 1:40 o'clock. These four prisoners are the first to be sentenced from Newark to a workhouse, in fifteen or twenty years. The city nearly two decades ago had a contract with a workhouse to receive prisoners from Newark but according to information obtainable, not more than two or three prisoners were sentenced under that contract.

For several years the city worked its own prisoners in a building in the rear of the city prison where they were compelled to crack stone which was used on the city streets. This soon became unprofitable as the city was able to buy crushed stone at a rate which was much lower than the cost of maintaining the prisoners.

Mayor Bigbee believes that this workhouse contract will tend to reduce the number of chronic drunks and petty offenders and in the end will save money for the city.

JUDICIARY

(Continued from Page One.) that any member can be "investigated."

Another bill over which there has been no little discussion and which is of interest throughout the state is the Warnes automobile license law which is expected to be introduced in the House today. As the bill now stands, it is an amendment to the present automobile law which was held to be unconstitutional by the Franklin county Common Pleas court and provides that all revenue derived from the automobile tax be turned into the state highway department for road maintenance and building.

Although the flood protection bill is thought of more as a protective measure, Representative Vonderheid explains that it is vastly more comprehensive, including flood prevention, reclamation of wet and overflowed lands, irrigation and the regulation of the flow of streams.

Members of the House Appropriations finance committee who are wrestling with the budget bill which it is planned to substitute for the appropriation bill passed by the last session of the general assembly said today that they do not expect to report the bill before the last of next week. While opposition is being manifested by several departments on account of the proposed cut in their allowance by budget commissioner Heffernan it is expected that but few changes will be made from the original bill as submitted by the budget commissioner. One demand for an increase over the amount allowed in the budget as drawn by Commissioner Heffernan is from the attorney general's department. As submitted to the committee the budget bill allows that department \$60,000. The attorney general wants \$75,000. Some members of the committee it was learned today are disposed to believe that the demands of Attorney General Hogan are not excessive for the reason of increased activities of that department.

Mr. Hogan gave as his reasons for wanting the increased amount over the budget bill that the shaping of new laws recently enacted by the legislature, the inquiries received at his department and the legal action that is resulting makes it necessary to employ special counsel, thus increasing the cost of maintenance.

The finance committee announced that it is taking up the budget bill for each department and would not make any announcement of its action until all of the department allowances have been gone over. Habitual drug users would be cared for by the state either in the new Lima state hospital or in the hospital at Toledo, according to provisions of a bill being prepared by Representative Duffey of Lucas county. He announced today that he will introduce a bill next week if Governor Cox blazes the way by a special message on the subject. The governor has not yet promised to consider this an emergency measure, though need of legislation concerning the "drug bill" is being urged on him by the agricultural commission.

The new bill which Representative Duffey is preparing with the help of the agricultural commission and the legislative bureau also will regulate the sale of habit forming

HER AFFAIRS NO
CONCERN OF PUBLIC
SAYS MRS. GOELET

(ASSOCIATED PRESS TELEGRAM)

New York, Jan. 22.—That the papers filed yesterday in Newport, R. I., would show all that was to be said of Mrs. Robert Goelet's suit against her husband, the millionaire clubman, for an absolute divorce, was the reply Samuel Untermyer, her attorney, made to inquiries last night. Mr. Untermyer added that Mrs. Goelet did not regard her affairs a matter of public interest or concern.

New York friends have known there were differences between Mr. and Mrs. Goelet, it became known today. Mrs. Goelet, who is of marked beauty of face and person, is the daughter of the late Henry Whelen the Philadelphia banker. Her mother is now the wife of C. Hatman Kuhn of Philadelphia. Miss Whelen married Robert Goelet, two years out of Harvard, on Jan. 19, 1904, in the church of St. Mary at Wayne, a fashionable suburb of Philadelphia.

ASSOCIATION
MAGNATES MEET
IN WINDY CITY

(ASSOCIATED PRESS TELEGRAM)

Chicago, Jan. 22.—Selection of a committee to prepare the league's 1914 playing schedule was the principal business before today's meeting of the American Association club-owners and managers.

Two new faces were seen at the meeting. They were those of James Sheppard, formerly with the Chicago Cubs, who yesterday signed to manage the Toledo club this season, and W. C. McGill, who purchased the Indianapolis club last week.

Nearly all of the managers admitted they were keeping watch for possible trades, and despite announcements that the Federal League has not tampered with any Association players, much interest was shown in any news regarding the new league.

POPULAR BALLADS
ARE THREATENED
WITH EXTINCTION

(ASSOCIATED PRESS TELEGRAM)

Washington, Jan. 22.—Convinced that many of the English and Scottish popular ballads of olden times which still survive in the United States are threatened with extinction unless steps are at once taken to recover them, the federal bureau of education announced today that it has instituted a nation-wide search for versions of these old ballads.

Professor G. A. Smith, of the university of Virginia, a prominent folk lore investigator, has been commissioned to conduct the search. It is planned also to ask teachers and others to co-operate with a view to starting a ballad collection for each state so that state folk-lore societies may be encouraged to aid in the work.

WANT AN ACCOUNTING.

(ASSOCIATED PRESS TELEGRAM)

Fremont, Ohio, Jan. 22.—Two hundred victims of last spring's flood have signed petitions asking an accounting of the receipts and expenditures of the flood relief committee here. The petitions have been filed with the committee.

LONG VISIT AHEAD.

(ASSOCIATED PRESS TELEGRAM)

Curing, N. F., Jan. 22.—Three fishing schooners loaded with Herring for American fishing ports have been frozen in the Bay of Islands by ice flows from the gulf of St. Lawrence and probably will not work free until spring.

It's one thing to recall the past and quite another thing to get your presents back.

EXPLORERS WILL
VISIT PANAMA

(ASSOCIATED PRESS TELEGRAM)

New York, Jan. 22.—George Shiras, former congressman from Pennsylvania, and A. G. Anthony, an explorer on the staff of the American Museum of Natural History, will leave next week for Panama, the former to obtain flashlight pictures of the jungle creatures and the explorer to collect animals and birds.

Gatun lake will be made the basis of operations and Shiras and Anthony will explore all its tributaries. Mr. Anthony explained last night that the lake has a great deal of water in it as a result of being dammed and this will allow exploration of regions heretofore impossible to reach.

ENGINE ROLLS MAN
INTO BIG SNOWBALL

(ASSOCIATED PRESS TELEGRAM)

Peabody, Mass., July 22.—Alexander McGregor, an elderly man, was rolled through wet snow in front of a locomotive for a distance of 150 feet yesterday, and when assistance reached him, was in the center of a snowball six feet in diameter. He probably will die.

VETERAN DRIVER DEAD.

(ASSOCIATED PRESS TELEGRAM)

Flint, Mich., Jan. 22.—Neville Matson, 66 years old, a veteran grand circuit race driver, died at his home here today after a long illness. He was one of the pioneers in the harness racing sport in Michigan.

NOSTRIOLA OPENS AIR PASSAGES
STOPS SNEEZING AND WHFEZING

This Simple, Economical, Harmless, Common-sense Treatment Brings Quick Relief.

Parents who have croupy children will be interested in the Nostricola Treatment which opens the air passages almost instantly, stops a cough, and relieves a croupy child by a few minutes.

The Nostricola Treatment is gaining a remarkable reputation among mothers everywhere, and all druggists now sell and recommend it. When your child is croupy, feverish, full of cold, and fretful, apply Nostricola as directed. This simple, harmless treatment will quickly open the head, stop running of the nose, and

in a few minutes a cross, peevish child is changed into a playful happy one. Nostricola is a harmless antiseptic, cleansing, healing balm. It acts directly upon the sore inflamed membranes, destroying germs and strengthening the linings of the air passages so they are able to resist and throw off colds.

If the Nostricola is applied to the nostrils and on throat and chest before going to bed, this will insure restful slumber for the child, and no danger of an attack of croup, or coughing, during the night. Get a bottle of your druggist today, and wish you had tried Nostricola sooner.

drugs by supplying blanks to every wholesale and retail druggist. These must be filled out and filed with state drug inspectors whenever a quantity of the specified harmful drugs are sold. Thus the drug inspection department hopes to keep an accurate account of every grain of such drug sold.

"If there ever was a need for emergency legislation, it is on this drug proposition," said Representative Duffey today. "We have 8,000 drug victims in the state suffering under the restrictions of the new law for bidding sale except for a legitimate purposes, and unable to afford treatment at private hospitals. The Lima hospital could not be put to better use than to assign one wing to a 'drug users sanitarium.'"

The state board of administration is hostile to the plan of using the Lima hospital for other than criminal insane. Representative Duffey declared, if this opposition is strong enough to prevent the passage of such a bill, it will be changed to specify the Toledo state hospital.

When the Senate convened this afternoon, leaders were prepared to pass several minor measures, with the exception that this will be the last session of consequence until Monday. Most legislators predicted that both houses will meet Friday for a short session and adjourn until Monday evening. Even the few who want to hold a Saturday session to rush the administration legislative program admit attendance probably would be so light that action would be hampered.

The Hopple bill reducing the minimum age limit at which girls may receive school certificates from 18 to 16 will be reported out and recommended for passage today.

The legislature has decided 1,500 copies of the legislative history of Ohio since the first Harmon administration is not sufficient and both houses were expected today to provide for the publication of 2,500. The history is being written by James K. Mercer of Columbus, and the first volume will come from the press about February 15.

Whether the entrance requirements at the law and medical departments of Ohio State University should be raised to make necessary a year or two of academic study in a college was a question discussed before the Senate committee on public education today. Dean J. J. Adams of the Ohio State University law school urged that the Hudson bill be amended

to strike out the section which makes a high school diploma sufficient guarantee of previous study for entrance into the law school. Senator Cahill of Preble county challenged this, arguing that "this would mean a monopoly of profession by those with the most means to get previous education."

"We ought not raise the standards so that a poor boy cannot get a law school education," he said.

The committee took no action on this section. Tentative decision was reached to cut from the Cahill bill the section which made it a duty for the four state supervisors of agricultural education to arrange for organization of societies among children of country schools, and help in making social centers. This is expected to appear a T. C. Laylin, head of the state range, who ridiculed this section at a public hearing on the school bills in the House Tuesday.

Dean W. W. Boyd of the college of education at Ohio State University urged the passage of the high school inspection law.

Hog cholera was the subject of a special message which Governor Cox sent to the legislature this afternoon.

This was to allow the assembly to memorialize the federal congress urging the appropriation of \$1,000,000 for a nation-wide campaign against hog cholera. The movement was launched at the farmers congress held here last week.

Special legislation will not be necessary to allow county commissioners to rebuild bridges destroyed under the March flood in municipalities, Attorney General Hogan told Representative Ben A. Brickley and Representative C. J. Smith of Butler county today. The Main and High street bridges were washed out at Hamilton by the flood. The city has not been able to rebuild them and since they did not connect county roads, doubt was felt that they would be built by county funds. The attorney general cited a law which will allow the county commissioners to condemn the present temporarily bridge and replace it.

Important recommendations for promotion of the general welfare of rural people and betterment of rural life conditions are made by Senator John Cunningham, of Knox county, and Representative W. M. Brown of Ashland county who represented Ohio on the American commission to study its agricultural and rural credits methods in a report they submitted to Governor Cox today.

The report is an exhaustive one treating upon the subjects of agriculture cooperative production, purchase distribution and rural credits under methods which has been in effect in Europe for many years. It was said that Senator Howard and Representative Reid made their demands upon Governor Cox soon after their arrival in Columbus last Monday and the passage of the two amendments to the license law and the Warnes law it was presumed would mean acquiescence by the Republicans in the essentials of the administration bills pending before the two houses.

None of the leaders in either state administration circles or among members of the legislature would discuss the rumor today but it was said that another conference of Senate and House Democrats would be held today and that a formal statement of its result would be made public.

And so now have sorrow; but I will see you again, and your heart shall rejoice, and your joy no man taketh from you.—John xvi, 22.
